WHAT HAPPENED?

Anthony was arrested on politically motivated charges as part of a concerted effort to suppress the Black Lives Matter uprisings, and to undermine those with powerful voices calling for justice.

On October 26th, 2020, Anthony was arrested and taken from his home by federal officers based on his alleged involvement in the arson of a police vehicle during a Black Lives Matter protest in May 2020. If convicted, he will face a mandatory minimum of **7 years in prison**.

Following his arrest by federal officers, a huge outpouring of community support mobilized to protest the arrest. Anthony received over 70 character letters attesting to his selflessness and dedication to serving his community.

Anthony was released pretrial and is on house arrest until his trial date, which is set for September.
